

Russia Orders
Finns To Quit
War, Nab Foes,
Release Allies

London, March 1 (AP)—As a preliminary to Russian-Finnish peace negotiations Moscow has demanded that the Finns cease "military operations," immediately break relations with Germany and intern all German troops and ships in Finland—with Soviet help if necessary.

The Moscow radio broadcast these armistice demands last night and said that if Finland accepted the conditions immediately the Soviet government was ready to open negotiations for a "concrete agreement" at once.

There was no immediate comment on the Russian proposals from Helsinki, where the Finnish parliament held two secret sessions yesterday to debate the question of peace or continued war with Russia. An official communique gave no indication that a decision had been reached.

Urge Acceptance
The British press termed the Russian proposals "generous" and the Daily Mail said they "should be accepted without delay."

The Stockholm newspaper Morgon Tidningen said the proposals "can very well be taken as a starting point for further steps looking toward an armistice." The paper, which has close contacts with the strong Finnish Social Democrat party, added that the terms "are harsh, but one must admit they do not mention Russian occupation or any threat to the country's independence."

In other words the newspaper said, they are terms which the Finns constantly have said they could accept.

Reds Will Help
In demanding that the Finns stop fighting and intern all Nazi troops and ships as a prerequisite for any peace negotiations, the Moscow radio added that "if Finland considers herself incapable of fulfilling this task the Soviet Union is prepared to render her the necessary assistance by troops and aircraft."

Another demand on the Finns was that the Russian-Finnish treaty of 1940 be restored and all Finnish troops withdrawn to the 1940 borders. The questions of the partial demobilization of the Finnish Army, financial reparations and territorial claims were to be left to future negotiations in Moscow.

Demand Early Action
The Russians also demanded immediate release of all Russian and Allied prisoners of war and civilians interned in Finland.

The Moscow broadcast said the armistice terms had been given to Juho K. Paasikivi, Finnish diplomat, by Madame Alexandra Kollantai, Russian ambassador to Sweden, and that "Mr. Paasikivi was informed that if the Finnish government agreed immediately to accept these conditions the Soviet government was prepared to receive in Moscow representatives of Finland for negotiations on a concrete agreement."

The demand for internment of the seven German divisions now in Finland appeared to be the crucial problem facing the Finns. It was felt in London that Finland, still closely linked with the Germans, might hesitate to take such a step, or that the Finns might request a delay in answering the Russian offer in the hope that the fast-moving Red Armies in the Baltic might compel the Germans to withdraw from Finland, thus obviating any need to intern the Nazis and preventing Finland from becoming "another Italy."

Crash Unnerves
New Operator On
Way To Take Test

Mrs. Donald Sheely, Littlestown, who was scheduled to take her driver's test at the highway department building on the Fairfield road Tuesday afternoon did not show up.

Accompanied by a licensed driver, she drove north on Baltimore street about 3:30 o'clock Tuesday afternoon and prepared to turn into West Middle street on her way to the test. As she turned some school youngsters ran across the intersection.

Mrs. Sheely apparently attempted to pull to the north to avoid the youngsters—went north on Baltimore street, bent over a state highway route sign on Baltimore street and hit a parked car owned by Morris Steinhour, Gettysburg R. D.

Damage was slight, but Mrs. Sheely decided after the car had come to rest on the west side pavement on Baltimore street that she was too excited to take the test.

\$1087 Donated
To Red Cross
On First Day

The 1944 war fund campaign of the Adams county chapter of the American Red Cross got off to a flying start with the report that subscriptions received up to 11 o'clock this morning totaled \$1,087.94. The county quota is \$26,500.

First day subscriptions this year are more than double those of last year and campaign leaders are confident that this indicates the county total will be raised well before March 31, the end of the campaign.

The largest single subscription was an anonymous \$300 received at the Red Cross office on February 19. This, however, was not the first contribution to be received. That honor goes to Thomas H. Bateman, of Philadelphia, who on November 23, 1943, sent his check for \$35 and who, several weeks ago when the county quota was announced, added another \$25 contribution bringing his subscription to \$60. Mr. Bateman is a former resident of York Springs and is invariably one of the first subscribers to the annual Red Cross campaign.

Other Large Donors
Another early subscriber was the Gettysburg Aerie No. 1562 of the Fraternal Order of Eagles which last November sent a check for \$50 as a preliminary contribution before the larger county quota was known.

Business enterprises apparently are not delaying in sending their contributions. The Gettysburg-Harrisburg Transportation company was the first business pre-campaign contributor with a \$100 check given in January and another \$100 in February when the higher quota was announced.

Other business subscribers are The Gettysburg Times with \$100, the Hotel Gettysburg with \$50 and Rea and Derick with \$25.

Sororities and fraternities of Gettysburg college despite their depleted memberships, were represented among the pre-campaign contributors. The Tri-Phi sorority sent in \$12.50, the proceeds from the Gettysburg college bridge fair they sponsored last December. The Pennsylvania Delta chapter of the Sigma Alpha Epsilon fraternity subscribed \$10.

Churches Donate
Church contributions include \$8.85 from the Thanksgiving services of the Abbotstown Lutheran and Reformed churches and \$6.77 from the Thanksgiving union services of the Biglerville churches. Christ Lutheran Sunday school, of Gettysburg, contributed \$4 and the Sunshine Sisters' class of the Abbotstown Lutheran church sent in \$10. The last two contributions were received in December.

The Sunshine Guild class of the Heidersburg Lutheran church subscribed \$15 in February and the Four-Square Gospel church sent in \$30.17 on Tuesday.

The Cigarmakers' Union No. 316 of McSherrytown sent a preliminary subscription of \$1 last January. The South Mountain chapter of the FFA subscribed \$15 during the same month.

A group of women representing C. H. Musselman Company Unit No. 2 at Gardners made a \$7 subscription the day before Christmas. This sum was sent to the Red Cross for the 1944 war fund instead of being applied to the annual custom of exchanging Christmas gifts among the members of the unit.

Soldier Subscribes
The favorite subscription is the \$10 check from Sgt. Merville E. Zinn and his letter of praise for Red Cross service to him while in a hospital in Africa.

Ralph Z. Oyer, of the M. A. Hartley company, Gettysburg, will head the Red Cross War Fund Business District committee. It was announced this morning at Red Cross headquarters.

Robert E. Berkheimer, who so successfully conducted the canvass of the business district in the 1943 drive, relinquished the position this year on order of his physician that

"The eagerness to assure continuance of the world wide service of the American Red Cross to the men and women serving in the armed forces at home and in all four corners of the world is apparent by the unprecedented number of pre-campaign subscriptions received this year," said Judge W. C. Sheely this morning when advised of the first day's report.

"This assures us that Adams county's record of never failing to raise its quota will remain unbroken and that we will be over the top well before the end of the month."

RED CROSS TO
MOVE INTO NEW
QUARTERS SOON

The Adams county Red Cross today announced plans to move into new quarters, the fifth change since its organization in April, 1917, to meet the demand for more space brought about by the increase of the organization's activities during the current war period.

The offices in the Topper building, next to the court house, formerly occupied by Dr. William P. McKnight and during the past summer by the Emergency Farm Labor office have been taken over by the Red Cross to provide sufficient space for all of the activities of the organization and to allow for private offices in which individual interviews can be held with persons seeking assistance from the organization.

Mrs. E. S. Lewars, chairman of the county Red Cross, today told the county commissioners that the Red Cross was "profoundly grateful" for the kindness of the county for governing body in allowing the Red Cross to use offices in the court house since 1917. Mrs. Lewars told the commissioners that their "assistance in providing rooms for the Red Cross has allowed far greater service by the county chapter than otherwise would have been possible through the course of the years."

CHAMBER HOST
TO OFFICERS,
MEN OF C.T.D.

Appointment of members to nine committees, including a committee to arrange for a testimonial dinner for the Gettysburg high school basketball team, were announced by President Mares Sherman at the regular monthly dinner-meeting of the Chamber of Commerce Tuesday evening at the Hotel Gettysburg. Thirty-five members and guests attended.

The time and place for the basketball dinner will be announced later by the committee chairmaned by Glenn L. Bream.

Henry M. Scharf reported briefly on the conferences held relative to the post-war planning program of the Chamber. He stated that it was planned to select an all-inclusive committee of 50 or more representatives of every phase of business in the community to thoroughly investigate and start a long-range program covering the four major community assets—tourists and travel, industrial, agricultural and education.

Four Groups to Serve
Paul A. Kinsey, chairman of the re-employment committee of local Draft Board Two, spoke on the plans of his group. He said that it was a federal setup, operating under state supervision to work with the draft board in finding employment for returning war veterans.

Mr. Kinsey stated that the employment problems fall into four groups: Men who have returned and have found jobs; men returning who will need assistance in finding employment; returning veterans who will require a rest period and then will seek employment, and returning veterans, who, because of physical handicaps, will need special training to carry on civil life and those who wish to continue their education. He said it was his committee's task to make soldiers into civilians again.

Thomas Speaks
Edmund W. Thomas spoke for the Chamber and the community to the officers and members of the permanent party at the 55th College Training Detachment who were guests of the Chamber.

Mr. Thomas said that it was with a feeling of sadness that the community received the news of the discontinuance of the training program here. He said that the officers and men had endeared themselves to the community, that they had played a big part in the community life and that their leaving would be keenly regretted. He lauded the officers.

1944 Dog Licenses
Are In Use Today

Nearly 800 Adams county dogs were able to wear their new 1944 license tags today. The new discs are mandatory after a two months' extension of last year's tags due to a delay in obtaining the necessary dies for manufacturing new ones.

Adams county received its new tags February 11 and County Treasurer John W. Brehm said today that 790 licenses had already been issued. The State Revenue department announced, according to the Associated Press, that most of the 750,000 tags sold each year have been shipped to county seats and that only a few counties were without tags today.

Germans Launch
New Drive With
Secret Weapon

Allied Headquarters, Naples, March 1 (AP)—German troops, armed with a new "secret weapon" tank loaded with explosives, have slugged out in new assaults against the Anzio beachhead, and Allied headquarters said this may be a third great offensive aimed at driving the invasion troops into the sea.

The Nazis opened a heavy attack midway between Carroceto and Cisterna Tuesday morning, and this was growing stronger.

Artillery duels thundered, and front dispatches last night said the enemy had pounded the beachhead with the heaviest bombardment since the initial landings.

Headquarters disclosed the Germans had used new radio-controlled tanks, bearing 1,000-pound charges and designed to blow up within Allied lines, in their second major offensive against the beachhead, but that Allied artillery had exploded 14 of them before they reached the Allied line. The blasts probably caused great damage to Nazi positions instead.

The Germans struck at the beachhead at two points Monday and Tuesday night, and continued to "exert pressure" without result, headquarters said.

There were no details on the thrust against the eastern half of the beachhead between Carroceto and Cisterna.

Mighty Struggle
Allied artillery and bombers lashed back, with U. S. planes hammering Nazi troops and tanks massed in the Cisterna area.

Allied airmen flew approximately 700 sorties over the beachhead yesterday in support of the Fifth Army ground forces, the announcement said. It estimated that approximately 30 Nazi aircraft were active over the front.

An official announcement described the Nazi radio-controlled tanks as having a low silhouette, with a radio aerial for directing it and then exploding it by remote control against a chosen target.

The former Lehr regiment, a crack unit which had been stationed permanently in the great German training center of Doberlitz to demonstrate the latest weapons and tactics, was brought to Italy to put the tanks into action.

Big Show Bogs
With great fanfare, the regiment, now known as the 309th Infantry, paraded before the main Nazi forces and staged an abortive demonstration of the new weapon.

The tank wheels spun around, but the tanks themselves failed to move at that time.

Used in the second offensive against the beachhead, none of the tanks actually reached Allied lines, falling victim to artillery fire.

MacArthur Leads
U. S. Invasion Of
Admiralty Isles

Allied Headquarters, Southwest Pacific, March 1 (AP)—American troops of the Sixth Army have pushed far into Japan's South Pacific defenses with a bold landing on the Admiralty islands under the personal supervision of Gen. Douglas MacArthur, who announced the invasion today.

Dismounted units of the First Cavalry Division hit the beach at Los Negros island in the northeast corner of the Admiralty and quickly captured Momote airdrome, in one of those perfectly coordinated Army-Navy-Air thrusts which caught the Japanese completely unawake.

Not a single enemy plane or ship disputed the operation.

Only 20 minutes after snipers had been killed along the captured Momote airdrome, MacArthur went ashore, visited the area, commended troops on their clock-like operation and then returned to a warship.

Destroyers of the Seventh fleet, commanded by Vice Adm. Thomas C. Kinkaid of Philadelphia carried the troopers to the island through the Bismarck sea, which a year ago was almost wholly enemy domain.

The invasion, MacArthur said, makes the end of the Bismarck campaign "clearly in sight," and "in addition to troops trapped in the Solomons some 50,000 of the enemy, largely in New Britain and at Rabaul, are now inclosed."

Seize Airdrome
The soldiers swept aside enemy resistance and soon Brig. Gen. William C. Chase of Providence, R. I., on-the-spot commander of the drive, reported that Momote airdrome, one of the best the enemy possessed in the South Pacific had been seized. The airstrip still was in excellent condition.

MacArthur watched the invasion from the bridge of one of Kinkaid's warships. It was the second time he had been personally present when his troops went into battle, the first occasion being a paratroop operation in New Guinea.

Often has MacArthur indicated his interest in returning to the Philippines, where he first met the Japanese fighting strength, and his communique announcement of the landing pointedly remarked that the Admiralty is "almost due south of Guam and 1,300 miles from the Philippines."

Tighten Blockade
The islands, he said, stand at the "northern entrance to the Bismarck sea" and the invasion tightens the blockade of the enemy's remaining bases in that area.

First reports mentioned only invasion of Los Negros island, which lies off northeastern tip of Manus island, the largest in the group.

Lorengau, on the northeast tip of Manus, may be the next objective of the Americans. It is on Seader harbor, a 55-mile waterway formed by a lagoon which could accommodate a large fleet.

Seized in 1942
The Admiralty, former German possession and an Australian mandate under the Versailles treaty, were occupied by the Japanese in January, 1942. The enemy has been using them as a refueling stop on the line from Truk, 750 statute miles northeast, to New Guinea.

The enemy base at Kavieng, New Ireland, which American destroyers have bombed three times in recent days, lies 250 miles to the east of the Admiralty; 350 miles to the southeast is Rabaul, heavily bombed Japanese base in northeastern New Britain. Wewak, enemy troop and supply center on the northeastern coast of New Guinea, is 275 miles southwest.

**Chilly Winds For
March's Beginning**

The month of February that had provided many days of balmy, spring-like weather was shoved into history this morning by a roaring wind that sent temperatures 12 degrees below freezing and reminded local residents that there are three weeks of winter remaining on the calendar.

Only traces of Tuesday's snowfall remained today and rising temperatures predicted for Thursday promised to remove that reminder of February's wintry departure.

March's blustery arrival is a good omen of better weather soon, many prognosticators agreed today.

Highway Accidents
Dropped Last Month

Accidents on Adams county highways decreased during the month of February, according to the monthly recapitulation of activities of the local state police.

There were only ten accidents in February as compared with 16 during January. Six persons were injured in the accidents. The police made 301 patrols during February, cutting the mileage driven to 10,445 miles. Three criminal and 25 traffic arrests were made and in cases before the courts and justices six convictions on criminal charges and 23 convictions on traffic charges were obtained.

The policemen stopped 331 vehicles for various reasons. They spent 419 hours on criminal investigations and 652 on traffic duty.

ALLIES TIGHTEN PINCERS AROUND JAPS' EMPIRE

By DEWITT MACKENZIE (Associated Press War Analyst)

The Allies continue steadily to tighten the great Pacific pincers which one of these days will seize and crush the Mikado's island kingdom.

Further successes are reported from the geographical extremes of the southwestern Pacific and southeastern Asia—the Bismarck archipelago and Burma respectively. Progress in both instances represents vital preparations for the all-out offensive to smash Japan. Each presages other important operations—probably in the near future.

General MacArthur has brought home another handsome victory in the capture of the strategic airport of Monote in the Admiralty Islands, on the northern border of the Bismarck archipelago. The general watched the preliminary bombardment aboard a warship, and then followed his troops ashore, disregarding the danger from Jap snipers.

50,000 Japs Cut Off

This operation severs the regular Japanese supply lines to their bases in the New Guinea area to the south, including the key base of Rabaul on New Britain. It will speed up immeasurably completion of the conquest of this whole vast zone and thereby open the way to the East Indies and the Philippines.

MacArthur, whose mind is riveted on his oath to free the Philippines, pointed out significantly in the opening sentence of his communique that the Admiralty Islands are 1,300 miles from that goal.

As a result of this success, some 50,000 Japs are surrounded, mainly on the island of New Britain. Other troops are trapped in the Solomons to the south. All of these enemy forces are doomed to death or capture.

Mountbatten's Plum

MacArthur says end of the Bismarck campaign is now "clearly in sight." This means that the island barriers between him and the Philippines soon will be raised. It also means that we may expect a further move against Rabaul before long, especially since that base has been under steady bombing and bombardment for the past fortnight. The general's whole communique radiates satisfaction and confidence—and why not.

While MacArthur has thus been successfully busy, his opposite over in southeast Asia—Admiral Lord Mountbatten—also has had his thumb in the pie and pulled out a plum. At long last the Allies have achieved a first class victory over the Japs in the Burmese jungles.

To Intensify Drive

This is in the Arakan region, north of the important enemy base on the island of Akyab which is the objective of an Allied offensive that long has been working along the coastal region on the Bay of Bengal. Akyab is one of the entering wedges for an amphibious invasion of Burma, to open this great back door to China. Its importance lies in the fact that it has a good harbor and—more to the point—accommodation for a large air-fleet. So long as the Japs possess this base they can menace any Allied attempt to invade Burma from the sea.

What has happened in the present instance is that a Nipponese force of 8,000, which set out to annihilate two Indian divisions and then stage a drive into India, has itself been torn to shreds. Mountbatten announced this morning that Allied troops had killed or wounded 4,500 of these schemers, and that mopping up of the remnants of the enemy force in the jungle is continuing successfully.

The Indians had been surrounded and the Japs were so certain of victory that Tokyo yelled its triumph in advance. However, the American and British airforces both harassed the enemy and kept the Indians supplied with food and ammunition until other British land troops came to the rescue.

The assumption is that the Allies now will intensify their drive on Akyab.

LAUDS WORK OF RED CROSS IN ARMY HOSPITAL

Pfc. Edgar Woodward, Biglerville son of Mr. and Mrs. Edward J. Woodward, Orrtanna R. 1, and a former C. H. Musselman company employee, can tell from two months actual experience just how much service the Red Cross is rendering in the armed service hospital.

Home on furlough recently from two months in the station hospital at Greensboro, North Carolina, where he was treated for a broken jaw, Pfc. Woodward urges everyone to give to the Red Cross during its war fund drive. He said that "There was nothing that we might want that was not provided by the Red Cross." From cigarettes, books and papers to models of guns and airplanes for the convalescing soldiers to put together to help pass the time the Red Cross was constantly adding new things to make the hours at the hospital pass as quickly and easily as possible. The Red Cross "Ladies in Gray" visited the hospital daily to read to those soldiers who were unable to, or to talk with those who wished conversation or otherwise assist the men, he said.

Lauds Chaplains

Pfc. Woodward, who will celebrate the first anniversary of his entering the army this month, also praised the Army chaplains who came daily to the hospital to assist the men in any way possible.

The Red Cross, he reported, loaned money to families of boys in the hospital, kept parents informed of the convalescence of their sons and performed innumerable other services while he was there.

While in the hospital he met not one from Adams county, but did meet a Major Brouce, a dentist, who did some work on his jaw. The Major informed him that he had been stationed in Gettysburg in the first World War.

SOVIETS REACH OUTSKIRTS OF CITY OF PSKOV

London, March 1 (AP)—Russian troops were reported fighting on the very outskirts of Pskov as the battle for that German communications base and key to control of the Baltic raged on with unabated fury today.

"Our troops are overcoming German resistance and advancing swiftly," a Russian communique declared.

The bulletin said that Red Army troops had captured more than 250 additional towns and villages, including Pogorelka, six miles north of Pskov, and Kutuzovo, 11 miles to the east.

Helsinki dispatches routed through Stockholm, meanwhile, reported a Soviet drive across ice-bound Lake Peipus had established bridgeheads on the Estonian shore and asserted that the Russians were also attacking across the Narrows between Lake Peipus and Pskov, 35 miles northeast of the Baltic gateway city. There was no immediate Russian confirmation of these reports.

Twenty-eight miles southeast of Pskov, Soviet columns stormed into the town of Malkova, three miles from railway running south from Pskov to Polotsk and 11 miles from the Pskov-Ostrov-Warsaw trunk line, both possible escape corridors for the Nazis. At Malkova the Russians were within 26 miles of the Latvian border.

Thirty-seven miles further to the southeast, other Red Army troops, driving up from the Novosokolniki area, smashed the 218th German infantry division and captured the large town of Novorzhev, mounting an additional threat to the Pskov-Polotsk railway, the Moscow bulletin said. More than 60 smaller towns and villages were reported liberated in this operation.

Desperate Defense

The Germans were fighting desperately to hold the Soviet advance, the communique said, mining roads, blowing up bridges and staging frequent but ineffective counter-attacks. One engagement alone cost the Germans 900 men killed, the bulletin added.

Cards And Browns Delay Training

St. Louis, March 1 (AP)—The National league champion St. Louis Cardinals and the Browns of the American league joined today in postponing the start of spring training until March 20 to allow more time in getting their squads together.

The Browns' pitchers and catchers were to have reported at Cape Girardeau, Missouri, March 10, with the other players due March 13. The Cardinals had set March 15 for the start of their training at Cairo, Illinois.

Asked if the postponement indicated some doubt about baseball this season, President Sam Breardon of the Cardinals said: "No, you have to be an optimist in this business and I am optimistic about the prospects. We will certainly have a team on the field for the start of the schedule April 18."

However, Breardon and William O. Dowitt, vice-president of the Browns, agreed the clubs were in the dark about the number of players who would be available and both said this uncertainty was one reason for the training delay.

GOLFER MISSING

Merchantville, N. J., March 1 (AP)—Corp. Stanley Pokorsky, assistant golf professional at Merchantville country club for seven years, is the first member of the Philadelphia district PGA to be reported missing in action overseas. He was on the Italian front.

GOING TO GARDEN

Allentown, Pa., March 1 (AP)—The high-riding Muhlenberg Mules, victors in 20 out of 23 basketball games and planning to compete in the National Invitation tournament in Madison Square Garden, have arranged a post-season game here March 11 with Sampson Naval Station.

New York delegates were not authorized by their state convention to sign the Declaration of Independence until five days after the historic signing on July 4, 1776.

Tommy O'Brien Has Signed With Pirates

Pittsburgh, March 1 (AP)—Tommy O'Brien, one of the most dependable hitters in the National league last year, has returned his 1944 signed contract to the Pittsburgh Pirates.

The 24-year-old Anniston, Ala., outfielder came to the Bucs from Atlanta of the Southern Association a year ago and had a batting average of .310 for 89 games.

The Pirates also received the signed contract of Jim Hopper, right-handed hurler from Toronto of the International league where he won 15 and lost 9 last year.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, March 1 (AP)—Latest Dodger rumor is that two wealthy manufacturers of radio and communications equipment—one from Boston and one from Chicago—are gathering information preparatory to making a bid for the club.

Maybe they're interested in Leo Durocher's way of broadcasting without a microphone. . . Auburn, which may sign Pete Cawthon as grid coach most any day, is the only Southeastern conference school that lost its entire football staff to the armed forces. . . Looks like Hank Armstrong will cash in on his latest comeback by fighting Sammy Angott at Hollywood in May, if Sammy isn't inducted before then. . . Washington also is said to be bidding for the bout (we won't say "match").

WELL NAMED

Recent mention of Battling Nelson's full name—Oscar Mathew Battling Nelson—reminded C. G. Abbey of Geneva, New York, of his conversation with the batter's father when Nelson fought Jimmy Britt in 1903 (the only time Nelson beat Britt). . . Between rounds Abbey asked the elder Nelson how he came to name his famous son "Battling." . . "The old gentleman smiled," Abbey relates, "and said in his broken Danish: 'Well, when he was a baby in the cradle he was always making his arms flail about and we knew he was going to be a batter so we named him Battling.' . . Just about then Nelson knocked Britt for a goal."

ONE-MINUTE SPORTS PAGE

Mel Ott, who went to work in a New Orleans shipyard at the close of the 1943 baseball season (to forget, maybe?) has been granted his release so he can manage the Giants again. . . What's this story that Carl Snively is going to quit Cornell and return to his old North Carolina coaching job? . . . All through the build-up for Friday's Beau Jack-Bob Montgomery lightweight "title" fight includes minimizing Bob's recent knockout by Al Davis, Nat Fleischer held a stopwatch on that one and claims Montgomery actually was down for 25 seconds. . . After all the discussion of Warren Giles' "new" idea of having baseball plays explained over the loudspeakers when they weren't clear to the fans, it turns out that the Cardinals have been doing that for several years.

SERVICE DEPT.

The day that Tony Canadeo, Green Bay Packers quarterback, was transferred from Fort Sheridan, Illinois, to Camp Eustis, Virginia, he received word that his younger brother, Danny, a member of an anti-tank battalion, had been seriously wounded in Italy. . . George Koehnan, the Coast Guard middleweight who received his shipping orders the day he was to fight Jake Lamotta at Madison Square Garden, now is stationed at Norfolk, Virginia, and fans there are hoping to match him with Ruben Shank. . . Pvt. Ted Murata, Filipino golfer from Camp Shelby, Mississippi, played barefoot in the pro-amateur preliminary to the recent New Orleans Open. . . After trudging around 18 holes he reported his feet didn't hurt him as much as they did after some long hikes in Army shoes.

SPORT SHORTS

New York, March 1 (AP)—The champion New York Yankees published their team rosters today, listing 32 men as against 26 a year ago. The catch, however, is that the roster lists Joe Gordon, second baseman; Catcher Rollie Hemley and Pitchers Marius Russo and Spud Chandler, all of whom are very unlikely to play because they may be called into the armed forces any day.

New York, March 1 (AP)—Beau Jack and Bob Montgomery may draw \$100,000 in their third 15-round lightweight title bout here Friday night. In their first meeting last May, won by Montgomery, they grossed \$94,500. Their second meeting in November, won by Jack, grossed \$96,873.

Kimock played on the Coplay team that won the Pennsylvania American Legion junior championship in 1942.

Slaton, Pa., March 1 (AP)—Palmerton high won the second half championship in the Lehigh Valley interscholastic league last night with a 42-36 victory over Catawauqua high. The two teams meet again Friday for the season title.

DELONE WHIPS HARRISBURG 5

Displaying its best offensive punch to date, Jake Dracha's Delone Catholic high quintet smothered the Harrisburg Catholic high passers at McSherrystown Tuesday evening 66-24.

At the end of the first period the Squires led 10-4 and in the second period ran their margin to 26-5.

BOARDS WELCOME NEW DRAFT ORDER

Harrisburg, March 1 (AP)—A state Selective Service directive cutting sharply into occupational deferments, especially those of men under 26, was hailed today by one local draft board chairman as "something we wanted for a long time."

"The new order," declared C. A. Gnaul, chairman of Harrisburg Board One and state adjutant of the Veterans of Foreign Wars, "will enable boards to clear out some of the single fellows that should be going into the armed forces instead of married men with children."

In Pittsburgh, boards reported that even men employed in shipbuilding and coal mining jobs, now carrying virtually "blanket deferment," soon may be called. Most of Allegheny county's 61 boards have already completed reclassification of registrants formerly in 3-A.

Col. Richard K. Mellon, state director, in announcing the new program yesterday, said it was designed to "put every man under 26 in the armed forces 'who can meet physical requirements. It calls, among other things, for a review of occupational deferments and halts filing of any new industrial replacement schedules."

"We definitely have reached the point where men of military age must go into the armed forces unless there is no question at all that they should be deferred," Mellon wrote the commonwealth's 422 local boards.

Tarentum Claims Lowest Millage

Tarentum, Pa., March 1 (AP)—This borough, which uses profits from its municipal water and electric plants to pay the costs of government, has reaffirmed its four-mill tax rate which residents claim is the lowest millage in the state for a community of more than 10,000 population.

At the same time, another Pittsburgh district municipality, Mt. Lebanon township, voted to raise its tax rate from 7 to 8 mills because, township commissioners said, of a reduction of nearly \$1,000,000 in assessed valuation added to an increase in operating costs.

Veteran Boxer, 80, Succumbs Tuesday

Philadelphia, March 1 (AP)—Hugh P. Clavin, who fought 600 prize fights early in the century under the ring name of "Yi Yi" Erne and whipped several champions in non-title bouts, died yesterday of his first illness.

The 80-year-old veteran, often called "America's most wonderful boxer" in his fighting days, suffered a heart attack two weeks ago, yesterday in bed, he whispered to his wife: "set me up in my corner, I want to be sitting up when I go." As Mrs. Clavin propped him up in bed, he died.

Clavin, fighting between 1900 and 1918, met such ring stars as Young Corbett, Freddie Walsh, Abe Attell, Harry Lewis, Young Ahearn and Harlem Tommy Murphy.

ARCARO SEEKS 4TH TOP RACE

By BERT COLLIER

Miami, Fla., March 1 (AP)—If little Eddie Arcaro boots home the winner in the \$25,000 Widener Saturday to round out a Hialeah Park grand slam, he will probably be the only one to insist it is merely a matter of luck.

"I'll have to get the breaks," declared the jockey who was under the wire last Saturday with the outsider, Stir Up, in the \$15,000 Flamingo, Florida's three-year-old feature which shares with the Widener top billing of a Hialeah Park meeting.

Arcaro's triumph was a continuation of victories in 1942 when he brought in Requested in the Flamingo and followed with a win on the Rhyme in the Widener, the Park's handicap headline. Neither winner was a public choice. The events were not run last season when a ban on pleasure driving kept the park closed.

Arcaro says his mount in the big race Saturday, Greentree Stable's Four Freedoms, is "not a class thoroughbred," but he has done all right with the big brown son of Peace Chance, which he booted to a victory in the Palm Beach handicap this year and to a close second in the \$7,500 McLennan two weeks ago. The jockey thinks his prospects are fairly good to make it four top Hialeah stake races in a row.

SEMINARY WINS FROM FRESHMEN

In a fast, roughly fought game which required an extra period, the Lutheran Theological seminary quintet pulled a surprise by defeating the Gettysburg college freshmen on the college court Tuesday evening 43-42.

The frosh got off to an 8-2 lead in the first few minutes but the seminarians came back to cut the margin to 10-8 at the end of the period. Again in the second frame the freshmen piled up a substantial margin and held a 20-15 lead at half time.

The final period found the lead changing hands six times with Orth tying the score at 37-37 with a foul shot in the last minute.

Opening the extra period Janson sank a short toss and Orth looped a foul for the Bulls. Smith converted two fouls for the Angels and Orth followed with a double-decker. Shannon landed a twin-pointer for the seminarians and the scoring ended with a pair of foul conversions for the frosh.

Orth paced the winners with 16 tallies while Steumple looped 11 tallies to lead the victors.

An Evening Thought

Human things must be known to be loved; but divine things must be loved to be known.—Pascal.

Just Folks

BLUE JAY
All winter long the blue jay stays, When richer throated birds have fled.
About the cedar tree he plays And waits our daily gift of bread.
The men who claim to know him best Insist he's cousin to the crow, A feathered robber, gayly dressed, Not fit for decent birds to know.
Of morals he has none at all; Of manners, really very few, There is no music in his call; His charm lies in his coat of blue.
And yet I like him just for this: On many a dismal winter day, When all the other birds I miss, This fellow's brave enough to stay.

Today's Talk

MY FRIEND, GOD
I have at times tried to imagine myself without God as a friend. What would I aspire toward? Where would I go for a solution of all the beauty and wonder that my eyes daily present to me? Whom could I talk to when most alone, or when misunderstood, or when faced with an important decision, affecting inmost myself?
I couldn't get rid of God if I wanted to, for He has always got His eye on me—because He knows that I see Him in every great book, every work of art, and in every creation of Nature. And I see Him in the people I meet. Sometimes in their eyes, sometimes in the way they use their hands to encourage or alleviate distress, and sometimes in the kindly tone of their voice. No matter where I am, or go, my friend God is, and goes.
In the journey of the wind, in the rainfall, in the flake of snow, in the bud of the flower, in the call of the bird, and in the smile of the child I see God. God, my friend — and yours.
No sectarian God, no royally equipped God, no partial God—just a plain, all-powerful, all-understanding, all-sympathetic God—the God of everyday people, of children, and of the helpless. The all-merciful God. The God of anyone who wants to know Him, who wants to talk with Him, or to walk with Him, as Enoch did.
Anyone can be happy with God as his friend. Because there is nothing material about Him as a friend. The sick, the wounded, the discouraged, and the broken in heart, as well as those wrapped in sorrow, may all find their perfect friend in God. Captain Scott said that God was his pilot out there in the Pacific, and I am sure that He was.
Lincoln walked around with God "at midnight," and among the wounded. And Washington had Him as a friend at Valley Forge. You don't have to wonder whether God is around or not, for He is always around. It's His world, and He is going to take care of it—and He is going to take care of everyone, and everything in it, because it's His creation.

Tomorrow Mr. Adams will talk on the subject: "The Order of the World."

DENY CHARGES ON HATCH ACT

Harrisburg, March 1 (AP)—A denial of U. S. Civil Service commission charges that he engaged in politics in violation of the Hatch act has been filed by Joseph Yosko, director of the Bureau of Disbursements of Unemployment Compensation in the State Treasury department.

Yosko, a Democrat, was cited with Dr. A. H. Stewart, state health secretary and 13 other health officials and employees. In previous answers, Dr. Stewart and his aides also denied the charges. A hearing has been set by the commission here March 13.

Denying that he coerced employees to contribute money for political purposes "either by and through the State Treasury club or any other named organization, Yosko asserted the Treasury department is completely a state office and that Congress "is without constitutional authority to regulate his speech or actions in purely political activities."

Yosko, who asked dismissal of the charges, added that he did not directly or indirectly "collect, expend, disburse or otherwise handle political funds for or on behalf of any candidate or specially Harold C. Wagner, a candidate for the Democratic nomination for the office of Auditor General of the Commonwealth of Pennsylvania.

Former Teacher Seeking Parole

Trenton, N. J., March 1 (AP) — Mrs. Marguerite Fox Dolbow, 37-year-old former school teacher serving a life term at Clinton reformatory for the murder of her former husband on August 2, 1935, applied for a parole today to the State Court of Pardons.

Central figure in a sensational murder trial, Mrs. Dolbow was sentenced with her lover, neighbor Norman Driscoll, to die in the electric chair the week of March 15, 1936. After a seemingly hopeless fight against death that was carried up to the Supreme Court of the United States, the State Court of Pardons on December 28, 1937, commuted their sentences to life imprisonment. They were convicted in Salem county court of plotting to kill Harry Y. Dolbow, 34-year-old Mannington township farmer, so that Dolbow's wife could inherit \$140,000 which had been withheld from her because of her marriage.

The pleas for freedom, which will be considered at the pardons court's April term, were among a batch of 327 applications for paroles and for release upon the expiration of minimum sentences. Sixty-four persons convicted of first and second degree murder, and four convicted of manslaughter, were among the group.

Blonde, 20, Held In Double Murder

Mercer, Pa., March 1 (AP)—Janice Graham, 20-year-old blonde farm girl arrested yesterday on two charges of murder in the unsolved shotgun slayings of two persons on the farm of her employer last October, will be given a hearing before Justice of the Peace Thomas McClain Friday at 10 a. m. District Attorney Edwin C. Moon said.

If McClain holds her for court, Miss Graham's case will be presented to the March grand jury which convenes Monday, Moon added.

The girl had been free since last December under \$5,000 bond following her indictment as an accessory after the fact in the slayings of Mrs. Katherine Wilson, 78; Robert McKay, 70, and Mrs. Helen Wilson, 48. After announcing her arrest, Moon said the accessory charge against the girl will be dropped.

Miss Graham and William A. Morell, 20, a farmhand, were missing from the Everett Wilson dairy farm after the killings last October 7. They were arrested the next day in an Ohio farmhouse, and Morell was charged with all three murders. He was acquitted by a jury of two of the deaths and was convicted of voluntary manslaughter in the death of Mrs. Helen Wilson, the farm owner's wife.

Miners Ordered To Work By Lewis

Bellair, Ohio, March 1 (AP)—John L. Lewis, president of the United Mine Workers, Tuesday ordered strikers at the Powhatan mine to return to work "without further delay."

The mine, the state's largest, employs 1,000 men and has been idle since last Wednesday when the company refused to intercede in a disagreement between a foreman and a miner.

Local mine officials previously had contended this was a strike against the government, since the pit still is under United States control.

A meeting has been called to consider Lewis' order.

DR. WILKER DIES

Allentown, Pa., Mar. 1 (AP)—The Rev. Dr. Conrad Wilker, pastor of St. Michael's Lutheran church here and a member of the executive board of the Lutheran Ministerium of Pennsylvania, died on Monday of a heart attack. He was 61. He came here 18 years ago after serving the Prince of Peace church in Philadelphia.

Lancaster, Pa. (AP)—A cablegram from England ended Mrs. Charles Morrison's several-week search for a missing ration book. Her son, Master Sgt. Walter G. Morrison, wired "found your number four ration book in pocket. Will return by mail."

DOUBLE RELEASE

Chattanooga, Tenn. (AP)—Billie Phillips, 20, joined the WAVES to release a sailor for active duty, but her mother had to help, too.

Mrs. James J. Phillips took her daughter's place as a vital statistic clerk in the city-county health department so Billie could leave.

MODERN TREND

St. Louis (AP)—A local furniture store window display included the various pieces of a bedroom set and a window card with this legend:

"Eighteenth century mahogany bedroom group: Trade in your old furniture!"

Boise, Idaho (AP)—Gasoline rationing almost kept Sen. Frank M. Williams and Rep. T. N. Sneddon of Bear Lake county from getting to a special session of the Idaho Legislature to enact a soldier vote bill.

Williams related that the Montpelier ration chairman told them the board didn't consider the trip essential.

The board relented, however, after a call from Gov. C. A. Botoltsen.

Oil Well Site To Be Used In Research

Titusville, Pa., March 1 (AP)—The memorial on the site of Col. Edwin L. Drake's 1859 oil discovery will eventually become a center of historical research for the oil industry, if plans of the Drake Memorial Advisory board and the Pennsylvania Historical commission materialize.

Meeting here yesterday, the advisory board and representatives of the commission approved a \$578,000 project calling for expansion of the memorial started 10 years ago to honor the founder of the oil industry.

A long-range plan calls for most of the work to be done in the post-war period with funds provided by the legislature. An immediate objective, however, is construction of a replica of the original Drake well and derrick out of current funds. The memorial comprises a 200-acre tract, partially landscaped, with a museum containing mementoes of the early days of the industry. Before the war, it had 40,000 visitors annually.

The average airplane weight of airplanes produced now is twice as great as a year ago.

HEALTH QUIZ

Do you have poor digestion? ☐ YES ☐ NO
Do you feel headachy after eating? ☐ YES ☐ NO
Do you get sour or upset easily? ☐ YES ☐ NO
Do you feel tired—listless? ☐ YES ☐ NO

Now everyone knows that to get the good out of the food you eat—you must digest it properly. But what most people don't know is that Nature must produce about two pints of the digestive juice—liver bile—each day to help digest your food. If Nature fails—your food may remain undigested—lie sour and heavy in your digestive tract.

Thus, it is simple to see that one way to aid digestion is to increase the flow of liver bile. Now, Carter's Little Liver Pills start to increase this flow quickly for thousands—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Don't depend on artificial aids to counteract indigestion—when Carter's aid digestion after Nature's own order, when taken as directed. Get Carter's Little Liver Pills today—at any drugstore—only 25c. You will be glad you did.

That is an American boy...
behind that wire!

THAT is an American there condemned by the chance of war to eat alien bread in some far-off prison camp.

He is hungry for news... hungry for the sight of his native land... for the sound of a voice like yours... for the touch of a woman's hand.

But he won't be forgotten! For the Red Cross, to the utmost of its power, will get your letters in to him... will pass his letters out to you.

And every week, right from your heart, he will get, if humanly possible, a nourishing Red Cross food carton... eleven full pounds of the sort of food you'd give

him if you still had him safe at home. Meat, cheese, sugar, prunes, chocolate bars and real American cigarettes and tobacco!

If he is sick or wounded, he will get a

Red Cross invalid package containing food for a special diet, doubly enriched to bring him quickly back to health. No, he won't be forgotten... not while your Red Cross is on the job.

You have given your sons...

you have done the extra work... donated your blood and bought your bonds.

Yes, and you have helped the Red Cross before with a generous and willing heart.

Giving to the Red Cross has always been a great proud habit of thirty million American families... proud that they could give... proud of the Red Cross that made the giving worthwhile.

But this year, when the need is greater than ever before—this year you will want to give more... to give freely to your own Red Cross... to your own sons in the service. This year dig deep and be glad. For wherever he is

The RED CROSS is at his side
and the Red Cross is YOU!

Lebanon Farmer
Held In Jail

Harrisburg, March 1 (AP)—L. R.
Buckley, Lebanon county farmer,
today was in the Dauphin county
jail on a charge of violating OPA
ceiling prices in the sale of two
tractors at an auction on his South
Anville township farm February
10.

Buckley, arrested yesterday by
U. S. Deputy Marshall William Ca-
pello on a warrant issued by the
U. S. district attorney's office, failed
to post \$1,000 bond as did Paul E.
Sanger, Myerstown auctioneer, ar-
rested the previous day on a similar
warrant.

Both warrants are returnable to
the U. S. District court at Scranton
at its next session.

MELLON LISTS
NEW MANPOWER
POLICIES IN PA.

Announcing a drastic program to
speed up Pennsylvania's inductions,
Col. Richard K. Mellon, state draft
director, said the following man-
power policies will become effective
in Pennsylvania March 1:

"1—No new (industry) replace-
ment schedules will be accepted un-
less this headquarters is ordered to
do so by national headquarters, the
secretary of war or the secretary
of the navy.

"2—All replacement schedules
presently in effect will be reviewed
as quickly as possible to determine:
(A) Whether a particular schedule
should be cancelled; (B) whether a
particular schedule should be revised
to provide for a faster rate of re-
lease.

Local Needs Out

"3—Upon the expiration of pres-
ent replacement schedules they will
not be renewed unless such renewal
is vital to the successful prosecution
of the war. The number renewed
will be drastically reduced.

"4—All reviewing officers will give
the most critical examination to all
2-A and 2-B classifications with
the very definite object of eliminat-
ing improper 2-A's and 3-B's and
getting registrants classified into
1-A, particularly in the case of
registrants under 26 years of age.

"5—No further consideration will
be given to deferments on a 'local-
ity needed' basis.

Act on Facts

"6—The entire headquarters staff
will do everything possible to assist
local boards in accomplishing the
following objectives:

"A—Reclassifying every registrant
out of 3-A.

"B—Reclassifying registrants from
2-C and 3-C where such reclassifi-
cation is indicated because of the
change in regulations on farm de-
ferments, particularly in the cases
of registrants under 26 years of age.

"C—Reclassifying all registrants
from 2-A and 2-B where the facts
indicate that such classifications are
not proper in the light of the pres-
ent manpower situation.

End of Replacements

"E—Eliminating all improper 3-D
classifications.

"7—From March 1 until March 15,
the replacement schedule division
will confer with no employer for the
purpose of discussing replacement
schedules. During this moratorium
the replacement schedule division
will review existing schedules for
the purpose of cutting to the bone
and creating 1-A's. Generally speak-
ing I believe that the replacement
schedule plan has now served its
purpose."

Draft Classifications

Draft classifications referred to in
the new program are:

1-A—Available for military service
if physically qualified.

2-A—Deferred because the regis-
trant is supporting the war ef-
fort. (Occupation)

2-B—Deferred because registrant
is engaged in war production.

2-C—Deferred because of agricul-
tural activity and dependency.

(This classification has been abol-
ished).

3-A—Deferred because of depend-
ency (abolished).

3-D—Deferred because of extreme
hardship and privation to wife or
child or parent.

Reclassify 3 A's

The commonwealth's 422 local
boards were called on to "tighten up
all along the line and be ever more
critical of deferments," and proceed
immediately to accomplish these
steps:

"1—If you have not already done
so, reclassify all registrants out of
3-A as rapidly as you possibly can.

"2—In reclassifying registrants
from 3-A, do not automatically put
them in class 2-A or class 2-B or
class 3-D but rather be more real-
istically firm for the purpose of
getting men into class 1A. The
mere fact that a registrant is a pre-
war Harbor father working in a
war industry is not sufficient in and
of itself to warrant deferment.

"3—Review as quickly as you can
the cases of all registrants (includ-
ing fathers) presently classified in
2-A and 2-B for the purpose of re-
classifying into 1-A, all registrants
who are not clearly entitled to re-
main in class 2-A and 2-B.

"4—When a deferment has ex-
pired and is no longer warranted,
reclassify the registrant into 1-A
immediately and process him for in-
duction.

Review 3 D's

"5—Review all of the your class
2-C and class 3-C cases and re-
classify the registrants to 1-A if
they no longer are entitled to be
in class 2-C, in the light of amend-
ed regulations covering farm de-
ferments.

"6—If your board has more than
20 registrants in class 3-D, these
classifications should be reviewed
immediately to determine whether
a 1-A classification is proper.

"7—No local board should issue a
permit to leave the United States
to any registrant between the ages
of 18 and 38 without first securing
the recommendation of state head-
quarters.

"8—Send for pre-induction phys-
ical examination only those regis-
trants who are reasonably certain
will be processed and delivered for
induction within 90 days."

Mine Agreement
Before WLB Today

Washington, March 1 (AP)—A
tentative revised wage agreement
between Pennsylvania anthracite
operators and the United Mine
Workers is before a tri-partite com-
mittee of the War Labor board to-
day.

The agreement—principal terms
of which were not disclosed—was
submitted informally yesterday after
long conferences between labor and
operator representatives.

The conferences were resumed to-
day, and WLB committee members
said the tentative agreement would
be referred to the full board.

There were strong indications in
official quarters that at least part
of it will not be approved.

This part concerns a dispute over
whether tonnage workers should be
paid an additional 37.8 cents a day.
The board has approved that sum
for day workers who reduce their
lunch hour period to 15 minutes.
Most tonnage workers, however, do
not have a lunch period.

ing a concert at the local auditorium

CONGRESS WILL
ASSERT RIGHT
TO QUIZ HEADS

By JACKSON S. ELLIOTT

Washington, March 1 (AP)—Con-
gress asserted emphatically today
that its authority is independent of
the Administration as it challenged
the right of Federal officials to re-
fuse to testify before Congressional
committees either upon their own
decision or at the instance of de-
partment chiefs or even President
Roosevelt.

Chairman Dies (D-Tex) of the
committee investigating un-Amer-
ican activities said he would make
an issue on the House floor of what
was termed "Administration pres-
sure" which he said led to suspen-
sion of an investigation of the Fed-
eral Communication commission.

And farm state Senators who have
sought unsuccessfully to obtain in-
formation on the Rural Electrifica-
tion administration intimated that
contempt proceedings may be filed
against Jonathan Daniels, adminis-
trative assistant to the chief ex-
ecutive, and against Secretary of
Agriculture Wickard.

Rap "Whitewash"

The House situation arose when
Dies took up the question of charges
that Chairman Lea (D-Calif) of a
committee investigating the FCC
had "whitewashed" the probe in an
effort to spare Administration of-
ficials and advisers.

A Senate farm subcommittee is
considering contempt action against

Philadelphia Zoo
Keeper Retires

Philadelphia, March 1 (AP)—The
Philadelphia zoo's head keeper, 76-
year-old Charles Campbell, veteran
of the Indian wars, has retired after
37 years of zoo service.

He leaves behind two zoo resident
who were there longer than he—
a snapping turtle which arrived in
1890 and an echidna, an egg-laying
mammal from Australia, which came
in 1890.

Daniels because of his refusal to
answer questions concerning the
REA, and Chairman Smith (D-
S. C.) disclosed today that the pro-
ceedings may be broadened to in-
clude Wickard who has made simi-
lar refusals.

"We can't ignore Wickard," as-
serted Smith. "Whatever we find we
can do to Daniels we'll do to him
too. Wickard gave us the same kind
of talk that Daniels did."

Smith said Wickard will be recall-
ed before his subcommittee for fur-
ther questioning about reported at-
tempts to induce REA Administra-
tor Harry Slattery to resign.
